Transformations Theater presents...

The Bag Ladies

Walk about

THE STORY

Four ladies, looking for friends and fun, come together through the wonderful art of knitting.

The town hall invited their knitting club to spread joy, colour, and knitting in the neighborhood, but only the eldest, Monique, really knows how to knit!

Join us and witness their miraculous attempts at yarn bombing.

YARN BOMBING

Yarn bombing is a type of graffiti or street art. It uses colorful blends of knitted, weaving or crocheted pieces. Yarn bombers seek to reclaim a degraded area or create a unique coexistence with nature.

It is also called yarn storm, warrior knitting, kniffiti, urban knitting or graffiti knitting.

CONCEPT

Contemporary masked theatre, movement and music.

A stroll, a procession of colours, punctuated by moments of interaction with the public and the environment.

If you wish, a yarn bombing workshop can be organized in parallel. Participants will be able to learn the sacred art of giant knitting, using their arms and recycled materials to create a colorful art installation (open to children, adults, and families of all ages).

TIME

3 x 20 minutes or 2 x 30 minutes

ARTISTS

4 actresses

PUBLIC

for all ages, from 3 years old
